

To Whom It May Concern

RE: *PM Spray Paving*

PM Spray on Paving has been the preferred applicator of Rhino ArmaFloor products and systems for over 12 months now. During this time Peter and his team have proven themselves to be exceptional flooring applicators, priding themselves in their attention to detail and customer satisfaction.

PM Spray On has successfully applied our products for both large and small projects for many large customers including **Ausco Modular**, **Royal Perth Hospital**, several community facilities and commercial properties including **as well as many** residential garages and premises within the Perth region.

Their quality of work and attention to detail are of the highest integrity and have significantly added to the recognition of Rhino Linings flooring products for specifiers, architects, builders and the general public within Western Australia

I am extremely grateful and respectful of the mutually beneficial professional relationship our company enjoys with PM Spray on and sincerely hope that it will continue and be long lasting. Having a relationship with a company that values professionalism, integrity, honesty and a genuine commitment to make sure the job is done right with 100% customer satisfaction is an extremely valuable commodity to any business and I would have no hesitation in recommending Peter and his team to any business or individual for any application they may be considering.

Please feel free to contact me if you have any questions regarding the above.

Regards

Peter Morgan
